"Has been more destructive to human health and life than war, pestilence and famine combined." So said a distinguished writer many years ago, and it is as true to-day as then. The poor victim of Blood Disease is dranged with Mercury to cure the malady, and then dosed with iodides to cure him of the Mercurial Poisoning; but instead of any relief, the first breaks down his general health and makes him a cripple, and the other ruins his digestive organs. To those afflicted in this way Swift's Specific is the greatest boon on earth, and is worth more than its weight in gold.
